On September 24th, 2026, our CEO, Erin Jamieson Day, had the opportunity to share and hear the message of hope for Recovery from the Office of National Drug Control Policy and the call to action for employers to become Recovery Friendly Workplaces through certification from the National Recovery Friendly Workplace Institute.

Kelly presented The Impact of Social Districts in NC at this year's AP2026.

This conference brought together advocates, researchers, and public health leaders from across the country to advance evidence-based alcohol policy solutions.

This event was hosted by the U.S. Alcohol Policy Alliance, AP2026 is where research meets action—and where the movement for effective alcohol policy grows stronger.

"Strategies we implement, tell our children what is
healthy, expected, and normal.

What we as adults do impacts their interactions with & regard for
substance use and misuse for generations to come."

—Erin J. Day, CINC CEO
